- Since September 2019 -  
Head of Occupational Medicine Unit at the Teaching Hospital Policlinico Umberto I – Rome
- Since January 2022 –  
Head of Occupational Medicine Center – Sapienza University of Rome

**EDUCATION AND TRAINING**

- Dates (from - to) 2006
- Name and type of organisation providing education and training *Erasmus University Rotterdam*
- Principal subjects/occupational skills covered Epidemiology, Clinical Epidemiology, Health technology assessment
- Title of qualification awarded Doctor of Science in Epidemiology

- Dates (from - to) August 1997 - August 1999
- Name and type of organisation providing education and training *Erasmus University Rotterdam*
- Principal subjects/occupational skills covered Epidemiology, Clinical Epidemiology
- Title of qualification awarded *Master of Science in Epidemiology*
  
- Dates (from - to) 25-7-94
- Name and type of organisation providing education and training University of Naples "Federico II"
- Principal subjects/occupational skills covered Public health
- Title of qualification awarded Specialization in Hygiene and Preventive Medicine
  
- Dates (from - to) 5-11-1990
- Name and type of organisation providing education and training University of Naples "Federico II"
- Principal subjects/occupational skills covered Medicine
- Title of qualification awarded Degree in Medicine

## PERSONAL SKILLS AND COMPETENCES

MOTHER TONGUE  
OTHER LANGUAGES

**Italian**  
**ENGLISH, SPANISH**

## SCIENTIFIC SKILLS AND COMPETENCES

The main research activities, including design, conduct and analysis, are in the following areas:

- Occupational medicine
- Public Health
- Health promotion
- Nutrition
- Systematic review and meta-analysis
- Tobacco smoking
- Cardiovascular epidemiology
- Cancer epidemiology
- Genetic epidemiology
- Injury epidemiology
- Health Technology Assessment and Public Health

## RELEVANT ROLES AND COMPETENCES

*Coordination and administration of people, projects and budgets.*

-Health technology assessment reports on drugs, vaccines and medical devices - health promotion in the field of tobacco smoking, alcohol, illicit drug, physical inactivity, obesity  
 - health management including researches on appropriateness evaluation protocol for the assessment of hospital use; pre-operative examination before surgery;  
 - nutrition, including the association between Mediterranean diet and myocardial infarction;  
 - environmental epidemiology, including the assessment of the impact of the air pollution on population health: Hereplus project;  
 - GHPSS multicentre Italian survey : smoking prevalence, knowledge and attitudes, and tobacco cessation training among Students/ Medical Students/Nurses;

-PHIRE project (Eupha) for the improvement of public health knowledge and practice across the European Union by assessing the impact and uptake of the first Public Health Programme (PHP) and structuring information on public health research.
